In the land of Middle-earth, the temperature soared to 94 degrees of Elvish heat. And so, the mighty Smaug embarked on a journey through the Shire. Upon reaching the legendary realm of Condado, a moment of awe befell them, followed by a sudden turn of fate — coding in java script. Gandalf witnessed the entire spectacle, his wise eyes twinkling — for Smaug carried the weight of 300 pounds, and the sun beat fiercely upon the enchanted lands of Middle-earth.
